16" CREVICE TOOL

16" VACUUM FLOOR TOOL

The 16" Conductive Floor Tool is virtually indestructible, made from fully conductive materials and incredibly mobile thanks to two outer wheels. Two included squeegees and interchangeable conductive bristles make this tool versatile for any application when removing large piles of dust, particles or scraps.

- Attaches to 1.5" swivel wand
- Comes pre-installed with 2 squeegee pieces
- Interchangeable with 2 conductive bristles
- Wheels with adjustable thumb knob for easy-glide mobility makes it ideal for any combustible dust application
