

# ***POWERHOUSE*** Equalizer Kit

## For DS2 Series Vacuums

### ***BAGGED COLLECTION SYSTEM FOR DUST-FREE DISPOSAL***

The Equalizer Kit for the DS2 Powerhouse Series vacuum by Ruwac is designed to provide dust-free bagged collection in your dust pan, thus avoiding messy cleanups and users from being exposed to materials upon emptying. Best of all, it's an easy-to-install option that attaches to any DS2 Powerhouse Series vacuum that will make Ruwac's already-efficient dust collection and emptying process even more easier to use!

**Easy to Install System  
Connects to Dust Bin**

**Internal Bagging Provides  
Hassle-free Containment  
of Materials**
