

INDUSTRIAL VACUUMS FOR CONCRETE DUST

PROPANE-POWERED PORTABLE INDUSTRIAL VACUUMS

PV10 PROPANE VACUUM

#337401 - PV10

- 300 CFM
- 12 Volt electric start w/ key ignition and battery
- 17 HP propane-powered Kawasaki® motor
- Indestructible compression cast composite housing -- Guaranteed for life!
- Industry-leading MicroClean filtration is 99.9% efficient @ 0.5 microns -- 3-year filter life guarantee!
- 9 gallon foot-actuated dustpan collection
- On-board multi-position propane tank holder

PV15 PROPANE VACUUM

#33754B01 - PV15

- 630 CFM
- 12 Volt electric start w/ key ignition and battery
- 17 HP propane-powered Kawasaki® motor
- Indestructible fiberglass cast composite housing
- Industry-leading MicroClean filtration is 99.9% efficient @ 0.5 microns
- 24 gallon foot-actuated dustpan collection
- Optional equalizer kit for bagged collection
- Optional HEPA Super Maxx for air purification

CYCLONIC PRE-SEPARATORS

- 95(+)% Efficient with submicron particles
- Eliminates filter clogs, increases filter life and vacuum's collection capacity

#9955XLT - 12" HEC-XLT

- 30 Gallon drum collection
- Lifting and tipping mechanisms for easy, ergonomic disposal
- Equalizer kit for dust-free bagged collection

#996412 - 12" HEC-DB

- Direct bagging collection for dust-free collection and emptying

INDUSTRIAL VACUUMS FOR CONCRETE DUST

PROPANE-POWERED PORTABLE INDUSTRIAL VACUUMS

PV10-XLT SYSTEM

#33701PV10 - PV10-XLT

- 300 CFM
- 12 Volt electric start w/ key ignition and battery
- 17 HP propane-powered Kawasaki® motor
- Indestructible compression cast composite housing
- Industry-leading MicroClean filtration is 99.9% efficient @ 0.5 microns -- 3-year filter life guarantee!
- On-board multi-position propane tank holder
- 30 Gallon drum with 9 gallon foot-actuated dustpan collection
- 12" HEC Pre-Separator with tipping drum and lifting mechanism for easy emptying, and equalizer kit for bagged collection
- Optional HEPA Maxx for air purification

PV10-DB SYSTEM

#33701PV10DB - PV10-DB

- 300 CFM
- 12 Volt electric start w/ key ignition and battery
- 17 HP propane-powered Kawasaki® motor
- Indestructible compression cast composite housing
- Industry-leading MicroClean filtration is 99.9% efficient @ 0.5 microns -- 3-year filter life guarantee!
- On-board multi-position propane tank holder
- Direct bagging system safely collects harmful materials for dustfree disposal while minimizing contact with contents
- Optional LongoPac attachment for continuous bagged collection (shown)
- Optional HEPA Maxx for air purification

HEPA MAXX

#35193 - HEPA Maxx Filter

- MERV 18 at 99.997% @ 0.3 microns
- Modular construction makes them easy to install and upgrade on any DS1 or Alternative Power Series vacuum
- Finite filtering purifies air
- Individually DOP certified
- Minihelic filter monitoring
- Oversized filter and housing with velocity reduction chamber
- Bottom seal positive gasket
- Average HEPA Maxx lifespan: 5 - 7 years (w/ the use of Ruwac's MicroClean primary filter)
