

## COAL AND GRAIN DUST COLLECTION

- Are you aware of the new OSHA combustible dust initiative?
- Are you concerned with protecting your employees from a possible secondary dust explosion?
- Are walls, overhead beams, joists, and pipes collecting dust?
- Do you have layers of dust that are thicker than a paper clip?
- Is your dust finer than 420 microns (40 mesh)?
- Could your residual dust be flammable or combustible?
- Do your current vacuums produce a static charge?
- Have you failed to create an internal documented housekeeping procedure?

If you answered **YES** to any of these questions you may be at risk of a dust explosion. Ruwac manufactures legally certified "explosion proof" vacuums that are third party tested by a nationally recognized testing lab (NRTL).

### FRV SERIES EXPLOSION PROOF VACUUMS

Certified Explosion proof vacuums:

- Non sparking, anti-static
- Legally certified for Class II, Division I, Group F & G
- Grounded hoses and tools

Microclean filtration:

- Certified dustless filtration system
- Fully grounded filter
- External filter shaker
- 3 year warranty

Powerful and quiet:

- Rated for continuous duty operation 24/7
- High vacuum performance up to 300 cfm
- High vacuum pressure up 7 Hg
- Silencers with all models

User friendly:

- Modular design: upgradable to HEPA filter
- Low center of gravity (will never tip over)
- Durable composite housings (lifetime warranty)
- Dust free emptying

**FEATURES**

**Quick Clean Package** For applications with a light dusting of combustible dust, and hose lengths that will not exceed 25' **Base Price: \$ 5,995.00**

### FRV110

**FEATURES:**

- 1.5hp motor
- 110 Volt
- 7 amps
- 135 cfm
- 31' power cord
- 9 gallon capacity
- 10' grounded hose & accessories

151510DEX: Accessory Kit w/ 1.5" hose

- 3500 10' Hose, 1.50" ID
- 3502 54" Wand, SS
- 3507 11" Crevice Tool
- 3520C 3" Round Brush
- 3512AM 14" Floor Brush
- 5225-BL Reducer, 2" to 1.50"

**Heavyweight Package** For applications where a light dusting has accumulated into piles, and hose lengths up to 75' **Base Price: \$ 11,691.35**

### FRV1400

**FEATURES:**

- 5hp motor
- 208, 230/460 Volt
- 17/7 amps
- 300 cfm
- 31' power cord
- 9 gallon capacity
- 6" heavy duty casters
- 25' retractable grounding reel
- anti-static casters
- 50' of grounded hose & accessories

- 12" High Efficiency Cyclone System

Consists of:

- 12" high efficiency cyclone
- 30 gallon drum capacity
- Tipping mechanism
- Equalizer kit
- Connection hose
- Cart to vacuum connecting hardware

202025DEX: Accessory Kit w/ 2.00" hose

- 504025 25' Hose 2.00" ID
- 5003SS 45" Wand, SS
- 5060 20" Floor tool
- 5016 15" Crevice Tool

151525DEX: Accessory Kit w/ 1.5" hose

- 3500 25' Hose, 1.50" ID
- 3502 54" Wand, SS
- 3507 11" Crevice Tool
- 3520C 3" Round Brush
- 3512AM 14" Floor Brush
- 5225-BL Reducer, 2" to 1.50"

### Additional Upgrades and Packages

1560OHDEX: 1.50" Overhead Accessory Kit

- 356160 2- 60" Wands
- 3545 4-6" Pipe Cleaning Tool
- 3509H 9" Wall Brush

**\$ 395.00**

Explosion Proof HEPA Module

Modular housing allows for upgrades to HEPA filtration at any time, to collect and contain debris down to and including .3 microns.

**\$ 975.00**

Disposable Dustpan Liner w/ Lid

Anti-static dustpan allows for easy and safe removal of hazardous and/or combustible material.

**\$ 36.50**
