

CC-100

WALK-BEHIND CRACK CHASER

Features

- Highly productive walk-behind crack chasing saw for cutting concrete or asphalt
- Unique bearing makes the CC-100 highly maneuverable while the smaller diameter diamond blade allows for a tighter turning radius
- Can be used for joint cleanout with optional straight cut wheel kit accessory
- Can be used for joint repair with optional channel cut kit accessory
- Cuts 6' to 8' per minute (up to 3,000' per day) depending on material being cut
- 1" maximum cutting depth (with 6" blade)
- Includes vacuum hose adapter for connection to a dust collection system for controlling dust

Model	CC-100
