

U.S.SAWS

Diamond Blade Quick Reference Guide

Tiger Tooth

Our Premier Pipe Cutting Blade

Laser welded blade for exceptionally fast, smooth cutting in nearly all materials. Best value per cut. Side grit protection. Not Recommended for concrete or asphalt applications. Life measured in hundreds of cuts.

Applications: Ductile Iron Pipe, Plastic Pipe, Cast Iron, Rebar, Angle Iron, Threaded Rod, Reinforced Concrete Pipe*, Wood

Usage: Handheld Saws & Chop Saws

* Shorter life expectancy

The General

Excellent laser welded general purpose blade. Kicker segment for undercut protection in asphalt.

Applications: Asphalt, Cured Concrete, Concrete Pipe, Brick, Block, Roof Tile
 Usage: Handheld Saws, Chop Saws, and Walk Behind Saws (low horsepower)

GPS12125
 GPS14125
 GPS16125

Major Asphalt

Excellent laser welded blade for asphalt. Kicker segment for undercut protection.

Applications: Asphalt, Asphalt Over Concrete, Green Concrete
 Usage: Handheld Saws, Chop Saws and Walk Behind Saws (low horsepower)

Ask about WAA series Pro blades for more sizes and walk behind saw applications.

DAS12125
 DAS14125
 DAS16125

Colonel Concrete

High quality laser welded blade for cured concrete. Turbo segments for fast cutting.

Applications: Concrete Pipe, Cured Concrete, Brick, Block
 Usage: Handheld Saws, Chop Saws and Walk Behind Saws (low horsepower)

Ask about WCA series Pro blades for more sizes and walk behind saw applications.

STA12125
 STA14125
 STA16125

Black Ops

Low cost blade option for concrete cutting.

Applications: Cured Concrete, Green Concrete, Concrete Pipe, Brick, Block, Roof Tile
 Usage: Handheld Saws & Chop Saws

LCS12125
 LCS14125

The Lieutenant

Low cost blade option for general purpose cutting.

Applications: Cured Concrete, Green Concrete, Concrete Pipe, Brick, Block, Roof Tile, Asphalt
 Usage: Handheld Saws & Chop Saws
